- Review the latest travel restrictions and transit requirements **here**.
- Read your company's travel policy.
- Plan your transportation options from the airport to your accommodation, whether it's arranging a shuttle, taxi, or public transportation.

- Ensure you have travel insurance coverage or verify that your company's policy covers you.
- Get your documents and cash in order, like passport (normally with 6 months validity), return flight details, and local currency.
- Check out **Smarraveller's going overseas for business** page.
- International travel has different baggage rules. Some items, such as lithium batteries (power banks) and liquids, are restricted, and there may be quantity and size restrictions too.
- Airlines, hotels, and other suppliers are likely to share pre-departure/arrival information with you, so please review this information.
- Keep an eye out for notifications via the FCM Mobile app or airline directly, as flight times may change.
- Familiarise yourself with the check-in or carry-on luggage allowance of the airline you are travelling with.
- Download the airline mobile application and check-in to flights 24-hours prior to travel.

## During your trip

- Arrive at the airport at least 3 hours before your international flight.
- Make sure to carry a valid form of photo identification, such as a driver's license or passport.
- Follow health guidelines, such as wearing masks and maintaining social distancing in airports and on flights (if applicable).

- Consider getting a local SIM card or an international plan for your phone to stay connected without incurring high roaming charges.
- Keep your phone charged and have portable chargers with you to stay connected and receive updates.
- Travel with some extras in your carry-on luggage. Airlines do lose bags. It happens. Be prepared to be without your luggage for 24 hours, possibly.
- Use **our travel packing checklist** to make sure you have all the essentials.
